NEW ADDITIONS

Reactive Texture Through Print

🇬🇧 Studio Prints collections are a contemporary take on traditional studio pottery. Raku, a range in the Studio Prints collection is inspired by the traditional glazing process known as Raku firing, which creates expressive and exciting results. Manufactured in the UK, Raku inspired prints are achieved with Churchill's innovative print process. The print is positioned directly under the glaze, creating a protective layer over the decoration. Emulating an artisan glaze finish, Studio Prints Raku has all the durability and technical reassurance required for the hospitality environment.
